Reporting Period - 16-AUG-10 to 31-DEC-10

Doe Jane B 111-111-111

Listed below, for the reporting period indicated, is the distribution for the employee listed and a summary of the overall percentages for the distribution period. These distributions are based on actual payroll expenditures processed in Banner during the Reporting Period. The effort should be confirmed by the employee or a responsible person with suitable means of verification that the work was performed by signing in the space provided. Significant changes in the work activity must be identified and entered in the payroll system by processing a Job Labor Redistribution Form (JLRF). Short-term (such as one or two months) fluctuation between workload categories need not be identified as long as the distribution is reasonable over the longer term, such as an academic period.
