ACCESSING THE BUDGET SYSTEM

The budget module is now accessible through Banner. Once you are logged into Banner, you can access the budget module pages directly in the search option or by the following:

- Banner Applications
- Human Resources
- MSU Budget System (MSUBUD)
- The data provided is from the July 1, 2024, budget. However, if you made any changes in the budget module when you printed your Budget to Banner Comparison Report, the changes will be reflected in the mid-year changes block. Data is available immediately for update and, once final worksheets are printed, your data is complete.
- Security is controlled by the ORG. You must complete all funds using a specific org before selecting the final print. If you print the final for your Education and General org (i.e., 100000-ORG) you will be locked out of making changes to your other funds if they have the same org code.
- If multiple users have access to the same org, you may lock your org by printing the final report, NZRDWCR. The other user will not be locked out until they do a final print.
- Be sure the position number and title code are correct for each employee. If the position number is not the same, the new budget information will not load. An Employment Action Form will be required to make the necessary revision.
- Fringes are updated during the nightly process or manually by the department user.
- Beginning Budget fields cannot be changed. All amounts are presented as whole dollars, no cents. Negative amounts are not allowed in Mid-Year or New Budget fields.
- Fund, Organization, Program, Activity and Account codes must be active in Banner as of the beginning of the New Budget Date.

IV. PROCEDURE FOR FINALIZING BUDGET INFORMATION

- 1. Upon completion of each Org for which you are responsible, use "Y" as the Final Indicator in form NZRDWCR. CAUTION: TO MAINTAIN DATA INTEGRITY, IF YOU PROCEED PAST THIS POINT BY ANSWERING YES ON SCREEN, YOU WILL BE LOCKED OUT OF THE DATA FOR ALL ACCOUNTS USING THAT ORG (department) CODE. This will lock you out of any funds using that org - be certain you are finished before you select this option.
- 2. Print a final budget worksheet for each of your accounts. You may print as many copies of the final printout as you need. Be sure EVERY EMPLOYEE is on a printout.
- 3. Put together all the elements of your budget package and send the information to your next higher administrator for approval. The budget package will include the final budget worksheet printout and the yellow budget control sheet.
- 4. If an ORG needs to be unlocked (AFTER YOUR FINAL PRINT), your higher administrator must submit an email request to Mimi Clark at <u>mclark@controller.msstate.edu</u>.
- 5. Approved yellow expenditure control sheets should be returned to 336 McArthur, Mail Stop 9602. Please do not return the final worksheet printouts to the Budget Office.

V. REVENUE BUDGETING

• ON-CAMPUS (FUND 100000) REVENUE BUDGETING:

Any department responsible for generating revenue to support their departmental operations must budget that estimated revenue on the revenue screen NZAREVB. The department will be expected to monitor the budgeted revenues. A department who spends their total budget but does not meet their revenue budget will be required to cover the difference from other funds.

• PLANT AND DESIGNATED FUND BUDGETING PROCEDURES:

Plant and Designated Funds will no longer be budgeted.

You have the ability to print plant and designated fund budget worksheets if you have employees paid from these funds to allow for review by your administrator.

Within the Banner system, report **FWGCHFBVP** can be run in order to obtain the fund balance for Plant and Designated Funds. You will need to enter the required parameter values for your fund request.

VI. MISSISSIPPI STATE UNIVERSITY - EXTENSION SERVICE DISTRIBUTIONS

• Federally appointed employees must maintain at least a 51% level of funding from the Extension Service.
